The course material is based upon the CWR model of training but has been altered and updated to meet the specific needs experienced through our counselling in the community over the last forty years.

In addition to teaching sessions, group work and directed discussions, there will be 9 written assignments to complete.

We follow Northamptonshire School term dates and students must attend at least 85% of the course to pass. Completion of the course can be used to support applications for a higher educational programme of study.
